DANCE CATEGORIES - TEAMS & OFFICERS

Jazz Hip Hop Novelty Modern Pom
Prop Military Lyrical Specialty Kick
Show Production Open Contemporary

In addition to Jazz, Prop, High Kick, Military, Novelty, Lyrical, Modern, Pom, Hip Hop & Show Production, three more categories have been added for competition: **Open Routines**, **Specialty Routines**, and **Contemporary**. Since COED has become a team classification, it will no longer be a dance category.

To enter the **Open Dance Category**, a routine must meet the following conditions: (1) it includes only full-time certified team members and (2) it is either a tap, ballet, light, or multi-cultural routine, or it incorporates at least two or more distinct styles of dance (such as half jazz, half high kick, or 1/3 prop, 1/3 military, and 1/3 high kick). Open Routines may be counted toward the Jacket Competition at Nationals. Tap routines require bringing your own tap boards to protect the gym floor.

To enter the **Specialty Routine Category**, a routine must include performers that are not full-time certified members of the team such as dads, moms, males from a dance class or the school at large. First, Second, and Third place Trophies will be presented for Specialty Routines at Nationals, but may not be counted toward the Jacket Competition.

The **Contemporary Category** is defined as a fusion of jazz, lyrical, ballet and modern techniques in a cohesive manner. Routines in this genre will be counted toward the Jacket Competition at Nationals.

DANCE TEAM CLASSIFICATION

Public High School team size determines their competitive division at an MA Dance Nationals:

Small Team: 4-15	Medium Team: 16-29
Large Team: 30-49	Super Team: 50+
HS Junior Varsity*	HS Coed*
HS Pep Squad*	HS All Male*
HS Elite: 10-24*	

*HS Pep Squad and HS Junior Varsity members cannot also be a member of their school's Varsity Dance Team. Junior High/Middle Schools, High School Elite, High School JV, Pep Squad, All Private High Schools, Coed, and All Male teams as well as Junior High and All Star/Studio groups do NOT compete by team size.

In an effort to promote the male dancer in public schools and maintain fairness in competition, the following 4 team classifications have been established:

- ★ Public HS All Male ★ Public HS COED
- ★ Public Jr. High/Middle School All Male
- ★ Public Jr. High/Middle School COED

*COED will only apply to public schools that contain 25% or more male performers who are school certified full-time members of the dance team. All other public school teams containing less than 25% male certified members should register as a regular jr. high school/middle school or (by team size) as a small, medium, large, or super team for high school. COED and ALL MALE public junior high/middle school and high school teams will not be subject to team size guidelines.

Since Junior High & High School overlap the freshman year, 9th grade students may compete in either of the two divisions.

All Star/Studio Dance Teams' grade level of the oldest team member determines their competitive division. Neither team size or gender will apply to this classification. The following system will apply:

Pre K - Kindergarten	Grades 1-3	Grades 4-6
Grades 7-9	Grades 9-12	
HS Grad+ (group includes at least one HS Graduate)		
International (Non USA teams)		

Officer Lines will use the same division as their team.

*HS Elite features the "premiere" performers in a separate division against other HS Elite teams. HS Elite squads may enter as many "team" routines as they wish and will be in competition with one another regardless of school or team size. Elite teams may not be composed entirely of officers, but they may participate as part of the team. HS Elite teams must be 10-24 members in size.
