

Room Configuration Suggestions

Assigning Hotel Rooms based on quad occupancy-

In general, limit the use of triple occupancy rooms for your team to 2 triple rooms. At the Hyatt Hill Country Resort, only one room can be a triple room. The rest should be all quads with one double room. The double room for your students will be shared with another team to make it a quad occupancy room. If you do not want your double room students to share a room with another team, there will be an additional \$175 fee for a double room stay.

Here are examples of how to assign the rooms on the Hotel Rooming List.

2 total students- must room with students from another school or pay an additional fee of \$175 for a double room stay.

3 total students - should be assigned to one room

4 total students - should be assigned to one room

5 total students – should be assigned to 2 rooms with a triple and double arrangement. The students in the double room will room with 2 students from another school attending camp. If you desire for them to room without members from another school, there will be an addition fee of \$175 total for a double room stay. At the Houston Marriott Westchase there are sometimes a handful of rooms that have space for 5 students. Register early and submit your rooming list early in hopes of securing one of those limited rooms. They are distributed on a first come, first serve basis.

6 total students – should be assigned to 2 rooms using a 3 / 3 division, with the exception of the Hyatt Hill Country Resort. At the Hyatt Hill Country, they must be assigned a 4/2 configuration. The students in the double room will room with 2 students from another school attending camp. If you desire for them to room without members from another school, there will be an addition fee of \$175 total for a double room stay.

7 total students – should be assigned to 2 rooms using a 4 / 3 division.

8 total students – should be assigned to 2 rooms using quad occupancy.

9 total students – should be assigned to 3 rooms using a 4 / 3 / 2 assignment. The students in the double room will room with 2 students from another school attending camp. If you desire for them to room without members from another school, there will be an addition fee of \$175 total for a double room stay. Also, if you desire a 3 / 3 / 3 assignment, there would be an additional fee of \$175.

10 total students – should be assigned to 3 rooms using a 4 / 3 / 3 or at the Hyatt Hill Country Resort use a 4 / 4 / 2 assignment. The students in the double room will room with 2 students from another school attending camp. If you desire for them to room without members from another school, there will be an addition fee of \$175 total for a double room stay.

11 total students – should be assigned to 3 rooms using a 4 / 4 / 3 assignment.

Male students within a rooming list

Male students at hotel camps must room with other male students attending the camp to fill quad rooms. Early arrival fees & room upgrade fees from a quad occupancy to a single or double room upgrade will be added to your invoice.
