*With the exception of PreK-K and 1-3, all other age divisions for dance solos had a select group of finalists who performed for the entire audience prior to awards. Knowing the quality of performers we had enrolled in the competition and that only 10% of the dancers in each division could dance in finals, we had ordered placement trophies for the next group of outstanding performers whose scores just missed the “cut off” for finals.*

*Unfortunately, a mistake was made in the 9-10 category and only 5 of the 8 contestants were taken to finals. There were 81 girls who actually competed of the 86 enrolled. The five performers who received 295 and above danced in finals, however, the following contestants who were tied with a score of 294 were omitted. Below is a list of the trophies award winners and their placement that should have been recognized during MA Nationals. Please accept our sincere apology for these omissions and congratulations to each of you for your outstanding score! These five young ladies will receive their trophy and a free entry into Nationals Solo competition next year.*
